

Automated hospital pharmacy, Valle del Nalon Hospital, Spain. The system is capable of dispensing medication automatically using robotic technology to prepare and track medications. Copyright: JC Roman / Alamy Stock Photo.

## Editorial

- 63** Looking back and looking forward  
*P Wiffen*

## Systematic reviews

- 64** Widening the net: a literature review of antimicrobial agents with potential suitability for outpatient parenteral antimicrobial therapy services—the importance of storage and stability  
*A Jenkins, S Shanu, C Jamieson, M Santillo*
- 70** Use of simulation for education in hospital pharmaceutical technologies: a systematic review  
*A Garnier, R Vanherp, P Bonnabry, L Bouchoud*

## Original research

- 77** Development and Delphi validation of a Best Possible Medication History form  
*C Hoornaert, S Pochet, S Lorent*
- 86** Potential costs and consequences associated with medication error at hospital discharge: an expert judgement study  
*G Kirwan, A O'Leary, C Walsh, R Briggs, V Robinson, R Rodzlan, P Redmond, T Grimes*
- 92** Analysis of medication-related triggers to determine adverse drug events  
*M Augustino, M Rowcliffe, A Feemster, J Smith, R Duncan*
- 96** The role of clinical trials in the sustainability of the Italian national health service cancer drug expenditure  
*L Gasperoni, A Cafaro, E Ferretti, V Di Iorio, O Nanni, C Masini*
- 101** Implementation of pharmacists' monitoring for intravenous drug compatibility  
*Y J Cheon, K nam Ye, K ha Park, J B Kim, J E Yoon, M K Lee, J T Kim, S H An*
- 107** Developing a telepharmacy programme with home medication dispensing and informed delivery in a tertiary hospital: description of the model and analysis of the results  
*M Gil-Candel, A Solana-Altabella, E Vicente-Escrig, A Puplá-Bartoll, J Bodega Azuara, P Pérez-Huenas, R Fernando Piqueras*

## Short report

- 113** Electronic monitoring of potential adverse drug events related to lopinavir/ritonavir and hydroxychloroquine during the first wave of COVID-19  
*C Skalafouris, C Samer, J Stirnemann, O Grosgrain, F Eggmann, D Grauser, J-L Remy, P Bonnabry, B Guignard*

## Case report

- 117** Age is just a number: the concept of time to benefit in older adults  
*L Hellemans, B Mertens, J Hias, J Tournoy, L R Van der Linden*

## News

- 120** EU news: European Commission taking action to mitigate risks of device shortages  
*S Kohl*
- 122** EAHP news: EAHP-EANM joint statement  
*S Kohl*
