Editorial

- 309** The Granada Statements: An opportunity for the hospital pharmacist to make more impact in the publication world, part 2
T Eriksson, C Polidori

Original research

- 310** Medication reconciliation—is it possible to speed up without compromising quality? A before–after study in the emergency department
M Hermann, M D Holt, R L S Kjome, A Teigen
- 316** Impact of hospital pharmacist-delivered individualised pharmaceutical service intervention on clinical and patient-reported outcomes in patients with hypertension: a randomised controlled trial
N Paudel, S Shrestha, N R Marasine, P Khanal, S Aryal, D Erku, A Poudel

- 322** Specific features of rational pharmacotherapy in elderly patients
D Ermakov, E Fomina, O Kartashova

- 328** Medication adherence reporting in pivotal clinical trials: overview of oral oncological drugs
R Lasala, F Santoleri, A Romagnoli, P Abrate, F Musicco, A Costantini

- 333** Primary care electronic medication record discrepancies in patients starting treatment at a hospital-based ambulatory care pharmacy and impact on prevalence of potential drug–drug interactions
E González-Colominas, C López-Mula, J Martínez-Casanova, S Luque, D Conde-Estévez, I Monge-Escartín, O Ferrández

- 340** Process performance of a new liquid medication dispensing robot
F J Lagrange, J V Lagrange

- 347** Comparison of three automated compounding devices for parenteral nutrition according to four key technical tests
J Leenhardt, M Durand, L Choisnard, M-D Desruet, R Mazet, P Bedouch

- 353** Therapeutic drug monitoring of linezolid: HPLC-based assays for routine quantification of linezolid in human serum and cerebrospinal fluid
S Günther, A Reimer, H Vogl, S Spenke, H-C Dinges, L Eberhart, G Geldner

- 359** Levetiracetam pharmacokinetics and its covariates: proposal for optimal dosing in the paediatric population
P Pokorná, M Šíma, N Švestková, O Slanař

- 363** Paediatric capsule compounding in hospital practices: by weight or by volume?
M Wasilewski, C Curti, C Bouguergour, C Panuccio, P Thevin, N Primas, E Lamy, P Vanelle

Hands on medicines information

- 367** Should vericiguat be initiated in geriatric inpatients with heart failure with reduced ejection fraction and a worsening heart failure event prior to discharge?
J Hias, L Hellemans, K Walgraeve, J Tournoy, C Vandenbrielle, L Van Aelst, L R Van der Linden

PostScript

- 370** Letter

Electronic pages

- e30** Successful long-term treatment of paediatric ulcerative colitis with vedolizumab: a case report
C Codina-Jiménez, M Bosch Peligero, C Rodríguez-Bernuz, M Montraveta, S Marin, C Quiñones

- e31** Hydrocortisone-induced blood pressure reduction in a patient with anterior pituitary hypofunction: a case report
X Chen, P Ye, D Wei, Q C Li, T Li

- e32** Defining a new term: defensive hospital pharmacy practices
L Villaverde Piñero, A I Cachafeiro Pin

- e33** Monoclonal antibodies for the early treatment of paediatric COVID-19 patients: a tangible contribution from hospital pharmacists in the lack of evidence
S Trivellato, D Mengato, D Donà, M De Pieri, F Venturini

- e34** Treatment of life-threatening digoxin toxicity with digoxin-specific antibody fragments: results from a prospective, non-interventional observational UK patient registry study
E Thomas, S Tomlinson, S Thomas, S Ward, C Daugherty, E Gallardo, C Hill
